

W02-P1: prepare classdemo for first commit

The screenshot displays a web development environment with a code editor on the left and a browser preview on the right. The code editor shows the following HTML and CSS code:

```
<html>  
  <head>  
    <meta charset="UTF-8">  
    <meta http-equiv="X-UA-Compatible" content="IE=edge">  
    <meta name="viewport" content="width=device width">  
    <title>Introduction</title>  
    <style>  
      body{  
        background: #AAAAFF;  
      }  
      .container {  
        background: #84C1FF ;  
        max-width: 500px;  
        margin: 2rem auto;  
        border: 2px solid black;  
        padding: 1rem 2rem 1.5rem 2rem;  
      }  
      img{  
        margin:0 auto  
      }  
    </style>  
  </head>  
  <body>  
    <div>  
        
      <h1>姓名:李俊穎</h1>  
      <h2>ID:211410294</h2>  
      <p>就讀淡江資工夜間部,平時打lol'valorant'apex,都很雷,歡迎找我下分</p>  
      <a href="https://www.facebook.com/profile.php?id=100003640824">FB</a>  
    </div>  
  </body>  
</html>
```

The browser preview shows the rendered output of the code. It features a light blue background with a white border. Inside the border, there is a placeholder image of a beach, followed by the text:

姓名:李俊穎

ID:211410294

就讀淡江資工夜間部,平時打lol'valorant'apex,都很雷,歡迎找我下分
